

**KEVIN J. KARL** serves as the Regional Supervisor for the Office of Production and Development in the Gulf of Mexico OCS Region, Minerals Management Service. The Office for Production and Development has regulatory responsibility for promoting efficient exploration, development, and production of natural resources from all Federal OCS leases in the Gulf of Mexico. Mr. Karl has a B.S. degree in Petroleum Engineering from Louisiana State University and joined the Department of the Interior in 1984 as a petroleum engineer. He has 25 years of experience in Gulf of Mexico OCS oil and gas operations. He has been especially active in assisting MMS to develop policies for unitization, suspensions, royalty relief, and conservation of natural resources.
