

Mark Hanan

Bureau of Safety and Environmental Enforcement

Mark Hanan is the supervisor for the Unitization Unit, Office of Production and Development in the Gulf of Mexico OCS Region, Bureau of Safety and Environmental Enforcement. The focus for the Unitization Unit involves the analysis, review, and approval of applications, plans, and amendments for exploration and development units, enhanced recovery projects, and royalty relief applications. Mr. Hanan has a BS degree in Geology from Kansas, and MS and PhD degrees from the University of New Orleans in Earth and Environmental Science, and Engineering and Applied Science. He spent the first 13 years of his career working as a production, development, and exploration geologist in the onshore and offshore U.S. Gulf of Mexico region. For the last 14 years he has worked for BSEE in the Unitization Unit as a geologist and supervisor.
